WALTER'S THEATRE

EDISON PATHEPLAY VITAGRAPH

A FIGHTING CHANCE—Vitagraph
Every woman has a fighting chance to win a man and teach him a lesson. This
shows how two women did it. Featuring Miss Rosemary Theby.

THE DUKE'S DILEMMA—Edison
A wealthy young duchess and her retinue are coming to sign the state papers
relative to her marriage with a duke who is in sad financial straits, a stranded
troupe of actors comes to his rescue, masquerading as his courtiers, but there are
other complications.

THE PRIDE OF INNOCENCE—Patheplay
The wealthy Miss Mills, a charity worker, finds her kindness misunderstood by
her lover, too proud to deny the accusation, that is prompted by a too great love
she refuses to prove her innocence, but things taking their natural course soon
show the young man the error of his hasty supposition and bring him humbly to
beg the girl's forgiveness.

THE QUALITY SHOP

BIG BILLS FOR TOWN TO MEET

Large Revenue from New Borough Ordinances but Street Improve-
ments and Other Anniversary Ex-
penses were Even More.

While Gettysburg was reaping a
handsome return from hacking and
fakirs' license at the time of the battle
anniversary, expenses were piling up
rapidly and it is now found that the
outlay incurred in view of the cele-
bration exceeded the receipts from
these sources by a wide margin.

Hawking and peddling licenses
yielded to the borough treasury a re-
turn of \$3398 as the result of the is-
sue of 142 such licenses. Two hun-
dred and forty six vehicle licenses
brought in \$1947 while a fine of \$15,
for not complying with the borough
ordinance restricting fares between
points in town to 50 cents per passen-
ger, brought the grand total of re-
venue to \$5560.

Pugh and Hubbard's bills for treat-
ing and making borough streets
amounted to \$7524.77, divided as fol-
lows: for treating streets with Tarvia
B, 44,105 square yards at 10 cents,
\$4410.50; for treating streets with
emulsifying oil, 36,760 square yards
at 3 1/2 cents, \$1286.60; for making
first block of York street with stone
and Tarvia X, 18,666 square yards at
85 cents, \$1586.61; for the intersec-
tion at the corner of York and Strat-
ton streets, with the same material,
\$241.06. Added to these must be the
following bills, Atlantic Refining
Company, for oil, \$78.24; Slonaker and
Markley for oil, \$41.50; and freight
bills amounting to \$29.60. Of the
above work the first block on York
street and the intersection at St.
James church, the total cost of which
was \$1827.67, are the only permanent
improvements. A subscription of \$250
by York street residents to this work
has not yet been paid and none of the
other subscriptions made for Tarvia
work has been paid into the borough
treasury. Coupled with the above
bills is one of \$43.31 for concrete
crossings at the intersection which
has not yet been authorized.

For some weeks before the opening
of the celebration it was found neces-
sary to have additional police ser-
vice and Mervin Van Dyke is still on
duty as an extra night policeman. Up
to the fifteenth of the present month
the bill for extra police service had
reached a total of \$188.50, divided as
follows: A. B. Plank, use of patrol
wagon, \$10.00; John Shultz, horse
hire, \$20.00; Fleming and Blair, board-
ing horse, \$6.00; Mervin Van Dyke,
police, \$100.50; Joseph Winnington,
police, \$20.00; Free Pittenturf, police,
\$16.00; Frank Slonaker, police, \$8.00;
Horace Smiley, police, \$8.00.

In addition to the above bills H. G.
Williams was paid \$42 for his service
as secretary of the Bureau of Infor-
mation; and Charles W. Culp and Ira
E. Plank were paid \$27 each for stay-
ing on duty at the engine house.

From the receipts from faking and
hacking licenses must be deducted
the bill of R. E. Wibie, not yet pre-
sented, for his services in making
collections, council having appointed
him specially, instead of the usual of-
ficers, to do this work over the anni-
versary time.

COMPLETE ELECTIONS

School Board Completes its Elections,
Filling High School Vacancy.

The School Board met on Thursday
evening and elected Miss Helen Ken-
delhart, of this place, to fill the open
position on the High School faculty.
The branches to be taught by the
various members of the faculty have
not been announced owing to a re-ar-
rangement of the work which will be
made before the opening of the term
on September 1. Miss Kendelhart
graduated from Gettysburg College
in 1912 and spent last year in Ham-
pton, New Jersey, where she taught
successfully in the public schools of
that town. She is a daughter of Mr.
and Mrs. J. W. Kendelhart, of West
Middle street.

LONG CHAPTER OF ACCIDENTS

Adams County People Burned by
Molten Metal, by Lye and by Gas.
Other Misfortunes to Residents in
Town and County.

Many misfortunes of varied natures
have been the fate of Adams County
people during the past few days and
injuries from unusual causes are re-
ported. Several were burned by mol-
ten metal, another by lye, and another
by natural gas flames. Still others
have been hurt in runaways or other
accidents.

Burned by Metal

In an accident at the foundry of
Weaver and Company in New Oxford
three brothers, Joseph, Bernard and
Paul Weaver, were burned by molten
metal. All were engaged in casting
and were being assisted by their uncle,
Harry Starner. All four were carry-
ing ladles of the metal when Joseph
Weaver was thrown by his overalls
catching on some object. The con-
tents of the ladle were scattered and
still more confusion resulted when
Bernard Weaver and Mr. Starner, who
were following close behind, upset
their ladle as the former tripped
over his falling brother. Fortunately
he had presence of mind to throw
the ladle as he fell or the molten
metal would have been spilled all over
the prostrate form of his brother.

As it was, the latter received numer-
ous burns about the back, right arm
and one very close to the throat,
though none of a serious nature. Bern-
ard's right foot was burned by the
metal entering the shoe, and Paul re-
ceived burns on the left foot in the
same manner. Fortunately J. S. Wea-
ver was present and as Joseph arose
with the hot metal clinging to the
flesh and clothing, that gentleman
succeeded in scraping it off, otherwise
the burns would have been more se-
rious. Altogether, it was a lucky es-
cape for each from a most serious ac-
cident.

Burned by Gas

Mrs. Anna Wanner, of York
Springs, was very painfully burned
by an explosion of natural gas at the
home of her son-in-law, H. Roy
Green, of Olean, N. Y., one day re-
cently. Mrs. Wanner was baking pies
and opened the oven of the gas stove
to look at them when there was an
explosion and she was terribly burned
in the face and right arm. Her hair
was burned off around her forehead;
eye brows, and eye lashes suffered
the same way but fortunately she did
not inhale any of the flames. While
Mrs. Wanner is suffering considerably
with her burns she is getting
along very nicely and hopes to be
home in about six weeks.

Leg Badly Cut

This morning about eleven o'clock
Joe Yohe, while working with some
other men at unloading lumber with a
large derrick in the rear of the West-
Maryland freight depot, had the mis-
fortune to have his right leg badly
cut and bruised. A large timber slipped
and fell on Mr. Yohe's leg cut-
ting the flesh away from the bone
just above the ankle for a distance of
about four inches. He was able, how-
ever, to come up town without assist-
ance, where he secured the services of
a physician.

Burned by Lye

A two-year-old daughter of Mr. and
Mrs. Bernard Weaver, of New Oxford,
had her tongue, mouth and lips pain-
fully burned one day recently by con-
centrated lye. The child was at the
home of Mr. and Mrs. Harry Starner,
when it happened to get hold of the
lid of a lye box unnoticed. The child
licked the lid and the lips and tongue
became terribly swollen, the child
suffering intensely. A local physician
gave the necessary attention and she
is rapidly improving.

Skull Fractured

Roy Leese, son of Mr. and Mrs.
Clayton Leese, residing near Bittin-
ger, was thrown from a wagon when
the horse ran away, sustaining a frac-
ture of the skull. His condition is
serious. The young man was engaged
in hauling produce on the farm when
the two-horse team he was driving
ran away, throwing him against a
telephone pole. Dr. C. A. Keagy was
called, who rendered the necessary
surgical attention.

Bitten By Snake

George Culp, of Brysonia, while
picking huckleberries this week, was
bitten on the hand by a copperhead
snake. He suffers no ill effects.

PLAN FOR MARINE COLLEGE OPENING

Officers Arrive to Make Prepar-
ations for Remainder of the Col-
lege Due Next Week. Thirty Com-
missioned Officers to be here.

Captain George Van Orden and
Lieutenant E. H. Brainard, of the
Marine School, located at Norfolk,
Virginia, arrived in town Thursday
evening to make all necessary ar-
rangements before the remainder of
the officers arrive on August second.

The officers and students yet to ar-
rive are Captains H. C. Snyder and J.
S. Turrell, First Lieutenant R. W.
Boeth, and twenty second lieutenants
who have just recently been promoted
to this rank and who will undergo a
course of instruction for three weeks
while here. Along with these officers
and students there will be possibly a
half dozen of regularly enlisted men
in the marine service.

The work of these young officers,
the average age of whom is about
twenty three years, will be a course of
instruction in topographical sketching.
As heretofore the work assigned to
all young commissioned officers has
been more on the order of regular
camp routine, this is an experiment
and if it works out reasonably well,
next summer similar work will be
done.

The work will last from the second
until the twenty-third of August and
all the instruction will be given the
young men by their officers in charge.

According to one of the officers now
here, the whole party will get up early
in the morning and go out to the par-
ticular part of the country which is
to be studied that day where all the
actual work will be done and instruc-
tion given to the men. This may last
until one or two o'clock in the after-
noon when the party will return for
dinner after which the day's work
will be complete and the men will be
free to amuse themselves as they see
fit.

The school at Norfolk aims to give a
fifteen months' course of instruction
to all second lieutenants who have
just been promoted to this rank. How-
ever, as the demand for these men in
the regular service is irregular they
are sometimes forced to leave the
school and take up their other duties
before their full course of work has
been completed.

South Dormitory, which has been
leased for a period of three weeks
from the College authorities, has been
put into shape so that when the main
body of officers arrive on August sec-
ond they will have only to unpack
and arrange their wardrobes.

PARCEL PROPHECY

Says Parcel Post Limit will be 100
Pounds.

Supporting Postmaster General
Burleson in his proposed extension
of parcel post service, Representative
Lewis, one of the authors of the parcel
post law, declared that sooner or later
the Government must take over
transportation of all parcels up to 100
pounds.

Representative Lewis contended
that under the law the Postmaster
General has complete authority to in-
crease the weight limit on parcel post
business and he assailed the railroads
for their support of the express com-
panies in opposing Postmaster General
Burleson's order.

GO CAMPING

Local Boys' Club Goes for Pleasure
Trip to Natural Dam.

About twenty boys, members of the
Boys' Club of the Presbyterian church,
left this morning for a ten days' camp
at Natural Dam. They were accom-
panied by Rev. F. E. Taylor and Dr.
C. B. Stouffer, who will be with the
campers much of the time during
their stay along the creek.

FAMILY HOLDS ITS REUNION

Shryock Family with Eleven Children
Living Celebrate Father's Eight-
ieth Birthday. Spends Portion of
Each Year here.

While 8000 Lutherans of several
states were meeting in reunion at Pen
Mar, Thursday, there was held there
another reunion, not so large in num-
bers but productive of a great amount
of pleasure to all who participated.

The reunion was that of the family
of H. V. Shryock. Mr. Shryock cele-
brated his 80th birthday, Wednesday,
and to help him observe the attain-
ment of his fourscore years, all his
children assembled at Pen Mar and
there extended him congratulations
on his splendid hold upon life and en-
joyed the gathering of so many of a
family.

With Mr. Shryock were his eleven
children—nine big sturdy sons and
two daughters. With them were the
wives of the nine sons, the husband of
the married daughter, nineteen chil-
ren, of these sons and daughters and,
further, seven children of these chil-
ren, making Mr. Shryock's descend-
ants present the following in number:
children, 11, the youngest 31 years old
August 4 next; grandchildren 19;
great-grandchildren, 7.

Mr. Shryock's sons—all tall, well-
built men—are Henry Clinton and
Geo. W. Shryock, Fairfield; Charles
Franklin Shryock, Hanover; M. L.
Shryock, Philadelphia; Alva B. Shry-
ock, Roadside; Harry T. Shryock,
Gettysburg; Ashby V. Shryock,
Waynesboro; Walter B. Shryock, Ha-
gerstown; John E. Shryock, Duncan-
non.

His daughters are: Miss Lillie Shry-
ock and Mrs. W. B. Irvin, Waynes-
boro. One child died in infancy.

H. V. Shryock was born in Freder-
ick county, Md., July 23, 1833. From
that county he moved to Adams coun-
ty and twelve years ago went to
Waynesboro, where he makes his
home with his son, Ashby V., during
the winter and then goes to Fairfield
for the summer.

He enjoys excellent health and he
found greatest pleasure in the reunion
of his children and their children,
Thursday.

BARN BURNED

Barn, Crops and Machinery Burned. A
Total Loss.

The barn on the farm of Charles
Brown at Heidlersburg was destroyed
by fire on Tuesday afternoon be-
tween three and four o'clock.

Mr. Brown has the farm stocked
and John Trimmer does the farming.
Mr. Trimmer and a couple of hands
were hauling in wheat rakings which
they were stacking just outside the
barn. They heard a crackling sound
and soon the stack burst into a blaze.
In a couple of minutes the flames
had reached the building. Everything
was very dry, the barn was well filled
with unthreshed grain and hay and
soon the building was like a roaring
furnace. There was no stock in the
building but Mr. Brown lost all or
his farm machinery including a
threshing machine and corn shredder.
His entire loss is estimated at \$3500
with no insurance. The barn had been
enlarged last spring at a cost of \$500.

The origin of the fire remains a
mystery. One theory is that there
was a match in the wheat rakings
which was set off in some manner in
the stacking operations.

SERIOUSLY HURT

Think Camp Laborers May Have Per-
petrated Hold-up.

The theory is now advanced that
Wilmer Watson, who was held up and
shot near Lake Royer on Wednesday
night may have been the victim of
men employed at the local camp
and recently dismissed. Mr. Watson
is reported as in a precarious condi-
tion. Those in attendance say that he
is very weak and that there are now
thought to be little hopes for his re-
covery. At no time since he was shot
was he unconscious.

and Many Brief Items.

FAIRFIELD

Fairfield—Joseph H. Creager is
beautifying his property by having
his house painted.

D. B. Rock put a Cortright metal
shingle roof on the house of T. A. Low.
Roy W. Bream and Stewart S. Mc-
Clellan each lost a valuable horse by
death last Saturday.

J. J. Reindollar, hardware mer-
chant, is confined to his bed by illness.
We hope for his speedy recovery.

Miss Murphy, of Chalfont, is spend-
ing some time with Rev. Mr. and Mrs.
Hartzel, at the Reformed parsonage.

In honor of St. Anne a High Mass
will be celebrated in St. Mary's, Fair-
field, on Saturday morning at 6:30
o'clock by Father Brandt, pastor.
Benediction of the Blessed Sacrament
is to be given after Mass.

Mrs. Lester Reynolds and son, of
Baltimore, are visiting her parents,
Joseph Creager and wife.

Harvey Bream, wife and child, of
Eaton, Ohio, are visiting their par-
ents, Mr. and Mrs. C. P. Bream and
Mr. and Mrs. C. B. Harbaugh.

Mrs. Grant Bowman and children,
of Hanover, are spending some time
with her mother, Mrs. Anna Wood.

Clarence King and family, of Har-
riarburg, are visiting his parents, E.
E. King and wife, and other relatives
here. Mr. King is a city letter carrier
in Harrisburg.

G. W. McGlaughlin and wife and
Harry Brown spent last Sunday in
Littletown.

Ross Wood, of Hagerstown, motored
to this place on Tuesday, remaining
with his mother, Mrs. Anna Wood,
until Thursday morning.

Rev. and Mrs. Ira Harbaugh and
child, of Carthage, Ind., are visiting
their parents, C. B. Harbaugh and
wife, and Mahlon Weikert and wife.

Raymond Kittinger, of Baltimore,
is spending some time with relatives
here.

Contractor W. H. Gallagher, with a
force of hands, is busily engaged in
excavating the cellar for the new rec-
tory which is to be built in the rear
of the Catholic church.

The George E. Gingell chicken farm,
at Zora, is fast becoming one of the
finest looking places along the
Waynesboro pike. The paint brush is
being applied to all the buildings and
other improvements are being made,
which shows the progressive spirit of
the owner.

D. Hill Rock was an over Sunday
visitor in Baltimore.

McClellan and Musselman have moved
their saw mill from Opequon, Vir-
ginia, to the tract of E. A. Sprengle
in Liberty township.

J. Quincy Jacobs is preparing to
build a wagon shed.

NEW OXFORD

New Oxford—Miss Helen Ruth has
gone on a trip to Philadelphia, Atlan-
tic City and Woodstown, N. J.

Mr. and Mrs. John P. Feiser, and
daughter, of Harrisburg, are spending
the week at the home of the former's
mother, Mrs. H. I. Smith, and other
friends in town. Miss Marguerite
Bowser, of Manheim, Lancaster coun-
ty, a niece of Mrs. Smith, is spending
some days at the same place.

George C. McKnight and sons, of
St. Paul, Minn., are guests at the
home of Mr. and Mrs. George T.
Himes.

Misses Ruby V. Golden and Clara
V. Smith, of West Lebanon, Ind.,
visited friends in town, on Sunday.

Miss Charlotte Altland, of Balti-
more, is visiting her aunt, Mrs. W. A.
Feiser.

Beatrice Trone, of Delavan, Ill.; Miss
Adeline Lough, of Philadelphia; Miss-
es Mary and Neva Cutshall, of Woods-
boro, Md.; Mr. and Mrs. George Gibbs,
Mrs. Adeline Sheely and granddaugh-
ter, Miss Nellie Sheely, of York; Mr.
and Mrs. Feiser, of East Berlin, were
recent guests at the home of Mr. and
Mrs. E. G. Lough.

Ralph Miller, painter, of Wayne, is
spending his vacation at the home of
his parents, Mr. and Mrs. G. A. Mil-
ler.

Mrs. Dennis Myers and sister-in-
law, Miss Anna Myers, of Baltimore,
are spending some time with friends
in town and vicinity.

Mrs. E. W. Moller, of Hagerstown,
is spending a few days at the home of
her mother, Mrs. F. S. Smith.

One black, 11 years old, weighs 1150 lbs.

both sound and well broken. The black mare is a good leader. If these horses are found not as described after 48 hours service, your money will be returned.

Three months credit will be allowed by purchaser giving note with approved security. 3 per cent off for cash.

HARRY VEINER.

MEXICAN REBELS WON'T ARBITRATE

Will Consent to No Truce With Huerta Forces.

WILSON CONSIDERS PLAN

Many Proposals to End Uprising Have Been Discussed, But No Definite Plan Approved.

Washington, July 25.—When Ambassador Henry Lane Wilson, now on his way to Washington, has finished his conferences with the president, he will be asked to give the senate foreign relations committee first hand information of the situation in Mexico.

Some of the members have not conferred with the president directly on the rapidly changing aspect. The ambassador is expected in Washington on Saturday. Secretary Bryan also probably will be asked to take up the Mexican affairs with the committee.

Proposals for mediation, repeal of the restrictions against the shipment of arms and of President Wilson's alternate plan for rigid enforcement of neutrality, were discussed among the senators, but no definite plan of action received approval. Many members of the foreign relations committee consider mediation impossible because of the many factions in Mexico and the difficulties that attend any effort to supervise elections.

Although such suggestions have at various times been made to President Wilson, Secretary Bryan and members of congress by persons in this country and Mexico, the proposition has never before reached the stage of serious consideration because of the insistent attitude of the Constitutionalists that they would not entertain mediation under any circumstances.

"Who will guarantee the honesty of an election? The only guarantee we can have is to take possession of the government by arms put on a provisional president and hold elections when the country is pacified. Elections with most of the country in arms would be impossible."

This was the answer of the Constitutionalists, representatives to report that mediation was about to be undertaken through the offices of the United States. The Constitutionalists profess to see in such a proposal an effort on the part of the Huerta government to obtain a suspension of hostilities during which it would take retaliatory measures to suppress the Constitutionalists' cause.

A number of senators in discussing the Mexican situation with President Wilson learned that he was hopeful that the senate would refrain from debate about Mexico at this time or at any rate until after Ambassador Wilson had arrived and a definite policy had been formulated. It was said the president pointed out that expressions by senators might arouse bad feeling in Mexico.

The annexation of states in northern Mexico by the United States and a division of the remainder of the country into separate governments was suggested by Senator Hitchcock, of Nebraska, as a possible way of bringing about peace in that country.

"The cession of a portion of northern Mexico to the United States in payment for the enormous indemnity which must be asked of that country for damage to American life and property seems to me to be a feasible way of settling these claims," said Hitchcock. "It will be impossible for that government to meet the demands of the United States in cash. These states annexed to this country also would serve as 'buffer' territory between the old border of the United States and the Mexican nation further to the south."

Rebels Seize Mexican City.
Eagle Pass, Texas, July 25.—Official announcement was made at the Constitutional headquarters in Piedras Negras of the capture of Torreon, Mexico, by the Constitutionalists. Fifteen hundred prisoners, twenty cannon and large supplies of ammunition fell into their hands, the Constitutionalists claim. Torreon is a city of 25,000 in the state of Durango, in northern Mexico.

Immediately preceding that occupation a mob attacked the Chinese quarter and massacred 300 Chinamen. After the establishment of the Madero administration the Mexican government paid China a heavy indemnity.

Rattlesnake Kills Three.
Knoxville, Tenn., July 25.—Three children of Mr. and Mrs. John Cooper, of Townsend, Tenn., were fatally bitten by rattlesnakes, and while Mrs. Cooper sought for them an infant she had placed near the bank of a stream fell into the water and was drowned.

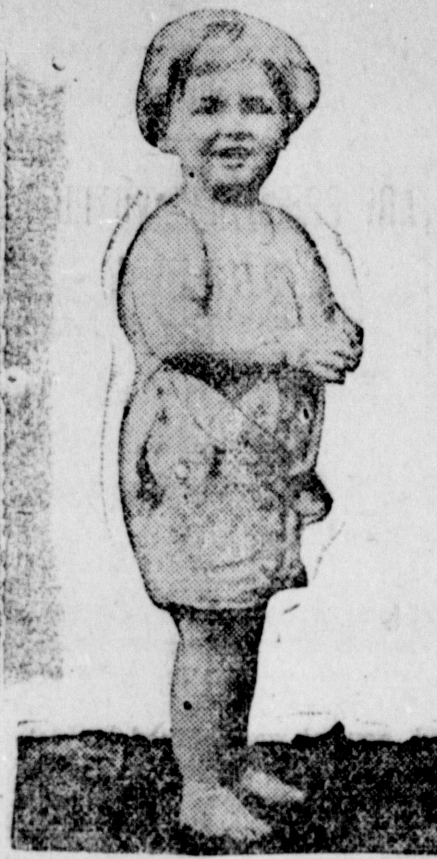

For Uniform Marriage Laws.
Washington, July 25.—A constitutional amendment, giving congress power to make uniform laws regulating marriage and divorce, was proposed in a house resolution introduced by Representative Edmonds, of Pennsylvania.

Celebrates 110th Birthday.
Bloomington, Ill., July 25.—James Moran, of Grundy county, has just celebrated his 110th birthday. Although he has been feeble since his 100th anniversary, there has been no serious change in his condition and he expects to live another decade.

Experience has proved that most of the trouble arising from coldness and dampness in cement floors in stable, hog house and chicken house may be overcome by putting down a four or five inch layer of cinders and ashes be-

MASTER PETER SCOTT.

Son of Captain Robert Scott, From Whom News of Death Was Kept.

DREAMS OF DEATH, IS ELECTROCUTED

Trackman is Killed as He Tells of Dream.

New York, July 25.—When James Burke, twenty-seven years old, a trackman employed on the elevated railroad lines of this city, reported for work he confided to his pal, Pat Mahoney, also a trackman, that he had slept little during the night because of a dream.

"I was in the arms of gigantic apes," narrated Burke. "All around me were tall, hairy figures with red eyes and long muscular arms. They had long, yellow fangs, nails as long and crooked as the beak of an eagle."

"I dreamed I was being strangled to death," he went on. "And just when I felt the last spark of life leaving me I woke up. It was a terrible dream—it felt just as though it had really happened."

At that moment in iron crowbar Burke was carrying carelessly in his hand came in contact with the third rail. He uttered a shrill scream and crumpled up on the tracks, while the iron bar clattered to the street beneath, and Mahoney looked on horrified.

When he recovered his senses Mahoney called a policeman, who summoned an ambulance. The surgeon announced that Burke had been electrocuted.

TURKS SEIZE PHILIPPOLIS

Enter Bulgarian Town, Where People Are Fleeing and Situation Desperate.

London, July 25.—A telegram was received here from the Bulgarian minister in Paris, reporting that Turkish troops had entered the Bulgarian town of Philipopolis, that the populace was fleeing and that the situation there was desperate.

Philipopolis is the largest town in eastern Roumelia and lies on both sides of the River Maritza, eighty-six miles west by northwest of Adrianople on the railway leading to Sofia, the Bulgarian capital. It was founded by Philip of Macedonia and under the Romans was capital of the province of Thrace.

FIND HEADLESS BODY AT SEA

Corpse of Young Woman Seen Floating 170 Miles From Boston.

Boston, July 25.—The finding of the headless body of an apparently well-to-do young woman at sea, thirty miles east of George's Bank, by Captain Charles White, of the Gloucester fishing schooner Jennie H. Gilbert, is believed to reveal a possible death by violence on a craft, perhaps a trans-Atlantic liner.

The body was found about 170 miles out from Boston. Corsets of apparently expensive make, black shirt waist and high button boots were on the body.

Told to Stop Drinking, Shoots Himself.
Wilkes-Barre, Pa., July 25.—A few minutes after he had been urged by Alderman Carkhuff, his friend, to stop drinking and make a man of himself, William Thomas, thirty-nine years of age, a former fire boss for the Delaware & Hudson company, walked up behind the alderman while the latter had his back turned, grabbed a revolver from the alderman's desk and shot himself in the head, saying: "I have made a good job of it." Thomas became unconscious and is not expected to live at the City hospital.

Man With Smallpox Rode on Trains.
Pottsville, Pa., July 25.—George G. Klefer, who lives at Reading, but has been working at the Lincoln colliery in West Schuylkill, has been riding back and forth with full-fledged case of smallpox. This discovery was made by state medical inspectors who at once put Klefer under quarantine. Hundreds of persons rode on trains in close contact with Klefer and many of these are panic-stricken and are hesitating to get vaccinated.

fore trying the cement. This serves to break the moisture connection between the ground and the body of cement and reduces greatly the tendency of the latter to draw dampness. Somewhat

MILITIA SENT TO SUBDUE STRIKERS

Michigan National Guard Goes to Copper Region.

SHERIFF ASKED FOR THEM

Violence, Due to Walk-Out of 15,000 Miners, Grew Beyond His Control. Loyal Employees Stoned.

Lansing, Mich., July 25.—Two troops of cavalry, two companies of artillery and all the infantry companies of the Michigan National Guard have been ordered north at once to aid in quelling the disturbances in the copper country, where 15,000 miners are now on strike.

Adjutant General R. C. Vandercreek, who received orders from Governor Ferris to rush the militia to the strike zone, expects to have 2400 men in Houghton and Keweenaw counties before tonight.

The provisions which the quartermaster's department had ordered for the annual encampment of the state troops, to be held at Ludington next month, will be shipped north at once.

Thousands of rounds of ammunition and the two field guns of the Lansing, Mich., artillery companies, supplied with shrapnel shells, will be included in the equipment of the militia.

It is planned to keep the men in camp until the trouble is entirely at an end.

Strike violence, occasioned by the walkout of copper miners in the district, grew beyond the control of Sheriff Crane and he wired to Governor Ferris, asking that state troops be dispatched to the scene to maintain order.

Stamp mills as well as mines are now shut down in the Lake Superior copper district because of the miners' strike.

The tie-up is complete, with the exception of the smelters, some of which have enough mineral on hand to operate for a week or more.

The Calumet and Hecla conglomerate shafts at the Calumet ranch also closed down when the strikers prevented men from going to work in the mines.

A large body of strikers went from one shaft to another at the Calumet and Hecla and Tamarack and several loyal employees were attacked with stones and painfully hurt.

At the No. 2 cage house of the Calumet and Hecla a body of strikers was prevented from taking possession by the mining captain, who drew a revolver and threatened to shoot.

Strikers gathered about the shafts to keep the men with dinner pails away. A large number of deputies have been sworn in. It is understood the companies will make no effort now to reopen the mines.

Attorney General Fellows wired the prosecuting attorneys of Houghton and Keweenaw counties to close all the saloons and prohibit the sale of liquor in the strike district.

The merchants of the Hancock and South Range district have put their sales on a cash basis. The mine management are acting in concert and will wait until the situation is under control before attempting to resume operations, although the closing of the conglomerate shafts of the Calumet and Hecla for an indefinite time may mean costly damage to them.

Vice President Mahoney, of the Western Federation of Miners, arrived in Calumet and took charge of the strike situation. He announced that he would do his best to keep the men from rioting, but would countenance no withdrawal from the strikers' position.

He also gave permission to keep the pumps in the mine at work, though it is the Federation's intention to stop all work in the mines, mills, shops and on the railroads of the copper companies.

THREE KILLED IN MINE WAR

Strikers and Miners in West Virginia Coal Fields in Fatal Riot.

Charleston, W. Va., July 25.—Frank Gim and two unidentified miners were killed and Don Slater was probably fatally wounded in a battle between striking miners and employees of the Wake Forest Coal company on Cabin creek. A posse with bloodhounds has gone into the hills in search of the assailants.

Big Boat House Burned.

Baltimore, July 25.—With an explosion that could be heard for many blocks, fire wiped out the big boat house of Mitchell Lawrence, at the foot of Charles street. Within a few minutes the entire place was a mass of flames. Thirty or more motor boats, some worth thousands of dollars, moored to the pier, were destroyed.

Child Falls Six Stories to Death.

New York, July 25.—Bernard Garvin, five years old, was killed by falling from the fire escape on the sixth floor of the tenement at 61 East One Hundred and Second street. During his mother's absence in another room the youngster had climbed out through a parlor window.

L. E. Pinkham New Hawaii Governor.

Washington July 25.—President Wilson nominated L. E. Pinkham, of Hawaii, to be governor of Hawaii. The same result is obtained if strings of four inch tile are laid at intervals of eight or ten inches across the area which the floor is to occupy. This serves to give ventilation and tends to make the floor drier.

CHURCH NOTICES

LOWER MARSH CREEK

Rev. R. F. McClean will preach in the Lower Marsh Creek Presbyterian church, Sunday morning at 10:30. Sabbath School 9:30. The new Sabbath School looks will be ready for distribution.

CHURCH OF THE BRETHREN

No services at Friends' Grove Sunday on account of repairs to the church. Revival services, to be conducted by Prof. Schlosser of the Elizabethtown College, and to continue for two weeks, begin at Friends' Grove Saturday evening, August 2. Dedication services Sunday morning, August 3, at 10:30. Stratton Street Church: Sunday School, 9:30; preaching at 10:30 and 7:30.

YORK SPRINGS M. E. CHARGE

York Springs: Sunday School, 9:00; address, 10:00; Epworth League, 7:30. Rock Chapel: Sunday School, 1:30; address, 2:30. Hunterstown: Sunday School, 1:30; union Anti-Saloon service in the Presbyterian church at 7:30. The Anti-Saloon League of Pennsylvania will be represented by Rev. Prof. E. E. Stouffer of Albright College, Myerstown, who is a very able and an interesting speaker. All are invited. Rev. Luther W. McGarvey, pastor.

METHODIST

Sunday School at 9:30 a. m.; preaching and sacrament of the Lord's Supper at 10:30; Epworth League at 6:30 p. m. A cordial invitation to all services. L. Dow Ott, pastor.

PRESBYTERIAN

Rev. F. E. Taylor will preach in the morning on "Sincerity" and at the union service in the evening on "Hope."

SALEM U. B.

Sunday School, 9:00 a. m.; preaching and the Sacrament of the Lord's Supper at 10:00 a. m. J. Chas. Gardner, pastor.

ST. PAUL'S A. M. E. ZION

South Washington street. Preaching at 11 a. m. and at 8 p. m. by the pastor; Sunday School at 2 p. m.; Christian Endeavor at 7 p. m. A cordial welcome to all. W. O. Cooper, pastor.

YORK SPRINGS

York Springs—Mr. and Mrs. Eli G. Underwood and two children, Helen and Horatio, and Miss Tillie Myers and John Thompson, all of Schuylkill Haven, were the guests of Daniel Utz and family several days this week.

Mrs. Mary Haskell and two children were the guests of Carlisle relatives this week.

Miss Eleanor Emmert has resigned her school in East Berlin to accept a position in New Jersey for ten months at \$60 per month. Her sister will accompany her to the same place, where she will teach drawing.

Mrs. Mary LaRue and daughter, Ruth, of Dubois; W. O. LaRue and wife, John L. Trump, wife and three children, Esther, Edith and Ralph, of Latimore, were visitors at the home of George C. LaRue on Sunday.

Mr. and Mrs. C. W. Gardner, Mr. and Mrs. J. R. Hantz, Dr. and Mrs. C. L. Myers and Mr. and Mrs. John L. Gibb, autoed to Boiling Springs Park on Sunday afternoon.

Miss Hortense Bietman has returned to her home in Baltimore, after a pleasant visit to York Springs relatives.

Herbert LaRue, of Philadelphia, is the guest of William LaRue and family of Latimore.

Guy Albert has returned home from a visit to Philadelphia.

Mr. and Mrs. Guy Martin, of Leesburg, and Miss Elda Slaybaugh, of York, were recent guests of D. F. Stary and family.

Capt. D. M. Stewart, Thomas G. Neely, Esq., Postmaster Gil P. Emmert, B. D. Hostetter, Quincy Hershey and J. Harvey Neely witnessed the ball game at Mechanicsburg on Saturday afternoon.

Mr. and Mrs. W. P. Myers, of York, spent several days here with J. T. Myers.

Mr. and Mrs. Isaac Slaybaugh, of Abilene, Kansas, were the guests of Mrs. Martha Fickel.

INJURED IN RUNAWAY

Team Runs away, Wagon Passing over Farmer's Body.

Jacob Hollinger, of near East Berlin, was badly injured in a runaway accident a few days ago. Mr. Hollinger was engaged in hauling manure to the field when the four horses attached to the wagon became frightened and ran away with the empty wagon. Mr. Hollinger was knocked to the ground and the heavy wagon passed over his abdomen. Besides sustaining internal injuries he was badly bruised about the body, but fortunately no bones were broken. At latest reports he was somewhat improved. The team ran to the barn where they were caught, and but little damage was done to horses or wagon.

PERSONAL NOTES AND BRIEF ITEMS

Paragraphs of News Telling of the Happenings in and about Town. People Visiting Here and Those Sojourning Elsewhere.

Miss Daisy Wentz, of York street, is visiting for several days at York and Dallastown.

Mrs. S. A. Fuhrman, Mrs. J. C. Miller, and son, Ellsworth, are spending some time at Pen Mar and Waynesboro.

The Altoona Mirror says of Dr. A. E. Wagner recently elected pastor of the College Church here, "His work here has been marked by distinguished services to the church and to the city. He is regarded as one of the most scholarly ministers in the great Lutheran church, a man of strength and sterling worth."

Mrs. George Stroup, of East Middle street, has been spending the week with her sister, Mrs. Edward Weikert, of Waynesboro.

Mr. and Mrs. Robert Rupp, of Hagerstown, are spending several days with friends and relatives in Gettysburg.

Miss Ruth Faber, of Chambersburg street, is spending several weeks with friends in Baltimore and Braddock Heights.

"Eddie" S. Plank returned to Philadelphia to-day after spending several days at his home near town.

Rev. and Mrs. Henry Anstadt returned to York this morning after spending some time with friends in town.

Robert Schnitzer, of Westminster, is visiting several days with relatives here.

Mrs. Mattie Bumbaugh and Mrs. Harry Redding are spending several days with George Bumbaugh and family in Hagerstown.

Mr. and Mrs. Morgan Stambaugh, of York, and Miss Maybelle Donohue, of Washington, D. C., returned home this morning after a visit of several days at the home of J. F. Hartman, on Hanover street.

Author E. Hutchinson is at Penn Grove for a week.

SERVED A FINE DINNER.

The Prince Enjoyed It, and the Famished Guests Politely Smiled.

Prince Leopold, the late regent of Bavaria, was extremely hospitable, receiving many guests and keeping open house, to which came in turn officers, scientists, artists, manufacturers—all the best society in Munich. Himself the wielder of an excellent knife and fork, he took the pleasures of the table seriously and desired that all his guests should do the same.

Some weeks before his last illness he fell asleep at a dinner party immediately after the first course. His guests were restrained by respect for etiquette from waking him, but continued their conversation in low tones. The servants did not dare to continue serving the dinner. The prince continued to sleep and soon began to snore. The guests continued their conversation in somewhat louder tones, but the prince slept for two hours, during which time no one left his place. The guests sat fuddled in the same room with a marvelously appointed dinner.

At length Prince Leopold awoke. He gave a hurried glance round the table and saw only a number of well-mannered guests successfully pretending to have noticed nothing. Persuaded that his doze had passed completely unobserved, he said, "Now let us go and take coffee."

The guests rose accordingly and proceeded to the drawing room. They were served with coffee, liqueurs and cigars. The prince, thoroughly refreshed by his sleep, indulged in a great deal of excellent conversation which lasted till midnight. The party then broke up, and the guests departed, famished with hunger, with an official smile upon their lips.

PIG SUGGESTIONS.

Rape has been found to be one of the best foreign crops in connection with a light grain ration to make rapid and economical growth in pigs.

The profits of a successful hog man rest largely upon his success in raising pigs.

The meat from quickly grown pigs or hogs is far more palatable and nutritious than when they are fattened otherwise.

Hogs like a drink of water at night. Little pigs like a drink of skim milk most any time.

The growing pigs require protein and not much corn. It is all right to give a little corn, but much is harmful.

Get the suckling pigs to eat whole oats on a clean platform as soon as possible.

COMING EVENTS

Happenings Scheduled for Gettysburg during Coming Weeks.

Aug. 1.—Opening of Gettysburg's Third Annual Chautauqua.
Aug. 2.—Hundred day dog quarantine expires.

PUBLIC SALE
GETTYSBURG, PA., JULY 26, 1913.
The undersigned on account of other business will dispose of the contents of his Livery, Sale and Exchange Stables including horses, wagons, harness, etc. on Saturday, July 26, 1913 on the Public Square.

12 Head of Horses:

PIMPLES ALL OVER FACE.
Cleared by Saxo Salve After Everything Else Had Failed.

Miss Bertha Timmerman, Salisbury Centre, N. Y., says: "About three years ago my face began to break out with pimples. They would be red and sore at first, and in a short time would gather, and then I would have to pinch them out. After a while my face was so sore I could not bear to touch it. I tried many remedies which were recommended, but they did not do a particle of good until I thought nothing would help me. About a week ago I went to Little Falls to visit my aunt, and she told me her little boy had been cured of Eczema by Saxo Salve. I bought a tube and after only using it a short time, it began to help me, until now my face is quite clear and all the pimples and eruptions have disappeared."

In all forms of eczema and all other crusty or scaly humors and eruptions, Saxo Salve has given astonishingly good results.

We have so much confidence in it that we give back your money if you are not satisfied. People's Drug Store, Gettysburg, Pa.

P. S. To purify and enrich the blood and create strength try Vinol. We guarantee it.

FRECKLE-FACE
Sun and Wind Bring Out Ugly Spots, How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength from your druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

Hard Foot Callouses
Removed Quickly

Anything on your feet that shouldn't be there—whether corns, callouses or sore lumps—they can all be removed in short order by Putnam's Corn Extractor. Think of the pain you are saved when that sore corn goes. It is foolish to experiment with untried remedies—better use Putnam's Extractor and the work will be done quickly and without pain. Putnam's Extractor costs 25c per bottle, sold and recommended by druggists and People's Drug Store.

RHEUMA
FOR ALL FORMS OF RHEUMATISM

Don't be skeptical about RHEUMA, the modern enemy of Rheumatism, Lumbago, Sciatica, Arthritis, Gout, Chronic Neuralgia, or Kidney Disease. After taking a few doses you will know that the poisonous Uric Acid is leaving the system.

"For six years I was practically a cripple on crutches from Rheumatism. One bottle of Rheuma cured me."—J. K. Greenburg, 3839 Cottage Grove Ave., Chicago, Ill. RHEUMA—guaranteed—50c a bottle. For sale by The People's Drug Store.

PUBLIC SALE

BINGHAMTON (N. Y.) FIRE.
Latest Estimate Places the Number of Dead at 65. Mostly Girls.

By American Press Association.

MAN MISTAKEN FOR WIFE SLAYER KILLED
Alleged Murderer Captured Shortly Afterward.

Newark, N. J., July 25.—William Butler, of Kenil, was shot and killed at Dover by police officers, who mistook him for William Corduan, husband of the woman who was murdered on Tuesday night at her home in Newark.

Corduan was arrested shortly afterward near the scene of the shooting. The police theory is that he killed his wife by forcing a sharp rat-tail pin through the roof of her mouth into her brain.

The woman's husband disappeared after the murder, and the police learned that he had gone to the house of a friend near the Dover race track. Their story is that they waited outside this house, when they saw a man who, in the darkness, looked like Corduan. They called to him to surrender, but instead of doing so he whipped out a pistol and began firing.

Chief of Police Ethelbert Bryan fired three shots at the man, who fell dead.

Butler had a magazine revolver and a bottle half filled with poison. His presence there thus equipped presents a mystery in itself.

SUES PHONE TRUST
Proceedings Against Bell System Are Started in Portland, Oregon.

Washington, July 25.—By direction of Attorney General McReynolds, suit was brought in the United States district court at Portland, Ore., against the American Telephone and Telegraph company, commonly known as the Bell system.

It is charged that the company has monopolized the means of communication in and between Oregon, Washington, Montana and Idaho points, in violation of the Sherman anti-trust law.

The government's brief asks that the acts complained of be adjudged illegal and enjoined, and the Bell company be required to dispose of the stocks, bonds and physical properties of the competing systems alleged to have been acquired unlawfully, thereby restoring competitive conditions.

President Frees Dying Confederate.
Washington, July 25.—To prolong the life of George W. Nunley, a Confederate veteran, dying in the Paducah, Ky., jail, President Wilson commuted to expire at once the prisoner's one-year sentence for making a false claim for a pension. He was sent to jail in November, 1912, for claiming a pension as a Union soldier.

Princess "Pat" to Wed Oct. 15.
London, July 25.—It was officially announced that the marriage of Princess Patricia, daughter of the Duke of Connaught, and the hereditary Grand Duke Adolph of Mecklenburg-Schlegel, will take place Oct. 15 at the royal St. James chapel.

Four-Year-Old Eggs Tested.
Trenton, N. J., July 25.—Office holding is not all "pie," as several members of the state board of health found out when they were called upon officially to test foodstuffs made from eggs nearly four years old as to their fitness for consumption. An expert was told to make custard pie and cake with the veteran eggs. The members of the board fell to, holding their noses. It seems that the eggs were not so bad after all.

Wilson Has Anti-Trust Policy.
Washington, July 25.—President Wilson has an anti-trust policy of his own, it became known, but he will not broach it until the December session of congress. The president has in mind a legislative program which does not necessarily involve an amendment of the Sherman anti-trust laws, but is said to contemplate additional statutes defining monopolies.

Mrs. Pankhurst Free Again.
London, July 25.—Mrs. Emmeline Pankhurst, the militant leader, who was returned to prison last Monday, after she had been arrested at the weekly meeting of the Women's Social and Political Union, was again released on license from the Holloway jail. She was so weak from her latest hunger strike that she had to be taken from the jail to a nursing home in a motor ambulance.

ST. LUKE'S PICNIC
St. Luke's picnic will be held, August 9th, in Weikert's woods back of the church. Everybody welcome.

LITTLE PROGRESS MADE ON TARIFF
The Republicans Offer Many Amendments.

ARE PROMPTLY VOTED DOWN

Senator Weeks Declares Promise to Reduce Cost of Living With New Bill is Humbug.

Washington, July 25.—Republican senators continued to offer amendments to nearly every paragraph of the Underwood-Simmons tariff bill when its reading was resumed, and the Democrats, in solid phalanx, voted them down.

As a result of the prolonged discussion on rate after rate little progress was made during the consideration of the measure after general debate had proceeded, Senators Weeks, of California, and Weeks, of Massachusetts, criticizing the bill. When adjournment came the senate had barely made an impression on the chemical schedule, the first schedule in the bill.

An amendment by Senator Smoot to transfer saffron and safflower from the dutiable list at 10 per cent to the free list, upon which he demanded a roll call, was voted down, 40 to 27, by a strict party vote. Another amendment by Senator Smoot to increase the rate on formaldehyde from 1 cent to 2 cents a pound encountered Republican opposition, when Senator Gronna, of North Dakota, declared 1 cent high enough, because formaldehyde was very essential to the farmers. Senator Smoot withdrew the amendment.

When Senator Smoot sought to restore amber gum to the free list, striking out the proposed duty of \$1 a pound, Senator Stone wanted to know why the government should not get revenue from pipe stems made from amber as well as from tobacco.

Senator Lodge protested against the proposed duty of 5 cents a pound on camphor and said he would demand a record vote later on an amendment to place it on the free list.

Senator McLean, of Connecticut, introduced many amendments to the bill. He proposed to increase the rate on bicycles and motorcycles from 25 to 45 per cent; shotguns and rifles from 35 per cent to 45 per cent; hooks and eyes and steel buttons from 15 per cent to 40 per cent; steam engines, printing presses and machine tools from 15 per cent to 40 per cent; watch movements from 30 to 40 per cent; firecrackers from 5 to 8 cents a pound, and to transfer ivory tusks to the free list.

Senator Weeks said the Democratic party had promised "to correct all of the existing conditions with the end in view of bettering all mankind."

"That party," said Senator Weeks, "is to reduce the cost of living, strangle the trusts, make the rich poorer and the poor richer. Their plan to do this is by a new tariff bill, but the people will find that to change conditions the way now suggested will only result in injury to all classes of citizens, who will at the first opportunity proceed to depose those who have been humbugging them, and will restore to power the party which has, on the whole, managed the country's affairs with intelligence and honesty."

L. R. PALMER NAMED NEW FACTORY CHIEF
Pittsburgh Industrial Safety Expert Appointed.

Harrisburg, Pa., July 25.—Commissioner of Labor and Industry John P. Jackson announced the appointment of L. R. Palmer, of Pittsburgh, one of the leading industrial safety experts of the state, as chief of the bureau of factory inspection in his new department.

Mr. Palmer's office carries with it a salary of \$5000 a year and much responsibility, including the duty of acting as commissioner in the absence of the chief.

The new chief graduated from Princeton with the degree of B. S., in 1898, and took three years of a post graduate course at the same university, graduating in 1901, with the degree of electrical engineer.

CATCH ARSON SQUAD AT WORK
Police Find Them Setting Fire to a Glasgow Mansion.

Glasgow, July 24.—The police charge attempted arson against two militant suffragettes, who were arrested in a suburb here.

One gave her name as Margaret Morrison and the other refused to give her name.

They were found in an empty house, and the police say the unidentified woman was in the act of setting a match to a pile of combustibles in the house. While the police were questioning her the Morrison woman came down a chimney, covered with soot.

The house was once the residence of Sir John Muir, former lord provost of Glasgow.

HAIL PELTS MT. HOLLY
Causes Runaways and Does Much Damage to Crops.

Mount Holly, N. J., July 25.—Much damage was done by a storm which leveled corn and grain and caused bad floods along some of the country roads.

In a few minutes the ground was covered with hail stones of large size, which damaged vegetables and broke many panes of glass. Several horses remaining unwatched on the streets ran away because of the pelting which they received by the hail stones.

MORE SWISS GUARDS GO
Mutineers Cheer For Garibaldi As They Leave Vatican Grounds.

Rome, Italy, July 25.—As a result of the mutiny in the ranks of the Swiss Guards there were several dismissals from the corps.

As the dismissed men left the Vatican grounds they vented their displeasure by cries of "Viva Garibaldi!" and threats to make unpleasant revelations.

Colonel Repond, the commander, has undertaken to re-establish the corps and bring up its strength within a few weeks.

Seven Die In Explosion.
Montreal, Can., July 25.—Seven men were blown to pieces by the explosion of a ton of gun powder at the plant of the Canadian Explosive company, at Beloeil. Pieces of brick and wood fell a mile away. The cause of the explosion is unknown.

FARMERS, TAKE NOTICE
I have for sale the Fearless Manure Spreader, the only spreader with a circular beater. Spreads twice its own width and from 1 1/2 to 2 ft beyond the wheels with less worry on the team. You only need drive half as far to get your load off. While the ordinary spreader throws manure on a narrow strip behind the spreader. If you want a spreader, come to see how they work and examine it yourself before you buy. I have them here on my farm and will be glad to show how they work. Write for catalogue. Can get any machinery in the Walter A. Wood line, on short notice.

Good Roads Mean Money.
 The people need to be educated to the fact that money spent for good roads is not money thrown away, whereas money spent for makeshift improvements is worse than thrown away.

THE GOOD ROADS MOVEMENT.

Gratifying Progress Shown in Road Construction Everywhere.

That there are upward of \$400,000,000 of good roads bonds issued and outstanding is indicated by the Good Roads Year Book of the United States, the 1913 edition of which has just been issued, containing a resume of the whole road situation. It is evident that, whatever may be the faults in methods of construction and maintenance, money is being spent in sufficient amount to bring about a vast improvement in the public roads. The year book shows \$137,000,000 of state and road bonds authorized and \$156,000,000 of county bonds outstanding on Jan. 1, 1913, making a total of \$293,000,000. As this is based on reports from about 75 per cent of the counties in the United States and as a large number of the individual townships have not reported, it is estimated that the amounts not reported would run the aggregate up to probably \$350,000,000, to which should be added ten or fifteen million dollars of the bonds voted in 1912, which have not yet been issued.

Gratifying progress in road construction during the past few years is indicated by the statement in the year book that, while the percentage of all road improvement in the United States at the close of 1909 was 8.66 per cent, the revised statistics to Dec. 31, 1911, show an improved mileage of 10.1 per cent, or a net gain of 1.44 per cent. This does not sound so impressive in terms of percentage, but it means that in the two year period more than 34,000 miles of improved roads were constructed, or 10,000 miles more than the entire mileage of national roads in France.—Scientific American.

RURAL SCHOOLS AND ROADS.

Impassable Highways Seriously Handicap the Country Child's Progress.

The most serious charge yet lodged against the rural school is that the rate of rural illiteracy is twice the urban rate, despite the fact that three-fourths of our immigrants are in the cities, and illiteracy among native born children of native parentage is more than three times as great as among native children of foreign born parentage, says A. C. Monahan of the federal bureau of education.

With 226,000 one teacher school-houses, of which 1,000 are log buildings, we face the fact that the rural school is alarmingly neglected. Although more than 90 per cent of the children of the entire country are enrolled in country schools, the aggregate attendance is only 51 per cent. Inquiry as to why children do not attend school longer in many communities will almost invariably bring the reply that bad roads, blockades of mud, snow drifts, washed out bridges and the discouraging factor of long tramps through the cold weather keep them away. Even the consolidated school is limited in its usefulness by the impassable highway.

While the one room school and the inexperienced teacher are serious defects, we should put most of the blame where it belongs—on our abominable highways—which had better in most cases be called lowways. With good roads the little red schoolhouse might free itself of many of the charges it now bears.—Country Gentleman.

SEED CORN TESTS.

Recent tests which the students of the agricultural course of the high school in the writer's home town have made of a large supply of seed corn saved last fall have brought out two interesting facts—first that ears that were picked and hung up in September before any heavy frost occurred show a practically perfect germination test, while ears that were picked after the first heavy freeze not only show a larger number of dead kernels, but in many instances the germinating power of those that grow is weak. If the average farmer would act on the information contained in these tests—pick his corn before there is any frost and use care in keeping it dry during the winter—there would be practically no such thing as a seed corn problem.

LAST CALL

--OF--

Great Mid-summer Sale

A large part of our immense stock of summer goods has been bought very quickly by hundreds of people who know true bargains and realize that what we say it is, it is. Again we butcher the price on many articles for the last week of this great sale.
